BENEFITS

◆ Exclusive to Future Line

- ◆ Superior quality and durability from fully welded aluminum compared to our competitors' lower quality welded versions
- ◆ Weight is further reduced by the crossmemberless design
- ◆ The underside doesn't collect road and job site debris because of the crossmemberless design
- ◆ Mounting height is reduced by 4", which means a lower center of gravity and installed bed height due to crossmemberless design
- ◆ Added frame protection plus reduced vibration and noise because of the proprietary EX2 long sill rubber cushion insert
- Removable front, sides and rear is great for snow removal companies
- Reduced fuel costs from bodies that weight 50% less than steel
